

## **National Workshop on Climate Change Vulnerability and Adaptation Assessment**

May 26, 2010

Mr. Chhin Chhunhoir, CEDAC staff member, attended a national workshop on climate change vulnerability and adaptation assessment under Cambodia's Second National Communication to the UNFCCC. The whole day workshop was organized by the Cambodian Ministry of Environment in cooperation with UNDP and Danida at Sunway Hotel, Phnom Penh. 60 participants (including foreigners) from the Ministry of Agriculture Forestry and Fisheries, NGOs and IOs attended the workshop. The objective of the workshop was to present and discuss:

- the findings of the Vulnerability and Adaptation Assessment conducted as a part of Cambodia's Second National Communication to the UNFCCC:
  - Historical and future climate change in Cambodia;
  - Climate change vulnerability mapping of Cambodia;
  - Vulnerability and adaptation assessment (V&A) in Agriculture, Water Resources, Forest Ecosystem, Coastal Zone and Human Health sectors.
- priorities to be addressed for mainstreaming adaptation into national, sub-national and sectoral levels;
- Cambodia Climate Change Alliance and V&A linkage.

During the workshop the presentations of findings of the climate change vulnerability and adaptation assessment were presented to the plenary. By the end of the workshop all participants learnt a lot about the climate change vulnerability and adaptation assessment, especially the future climate change situation in Cambodia.
