

Monthly Meeting of CEDAC's Field Program Focus on SRI Promotion

On July 29, 2011, CEDAC's Field Program organized its one-day monthly core team meeting at the CEDAC head office in Phnom Penh. There were 19 participants, including 3 women, at the meeting.

During the meeting, participants discussed the following topics: interesting news from the field, the progress of each project, technical reports on ecological System of Rice Intensification (SRI), ecological village, rice seed selection and purification, and cooperation etc.

After the meeting, the participants learned very well about the progress of each project under CEDAC's Field Program as well as gained more ideas for writing up the technical report on SRI. In addition, staff will focus more on promoting SRI practices to farmers in this rainy season through the organization of SRI Field day.
